Road Construction - Bus Detours

**PUBLIC HEARING
NOTICE**

Welcome to Jefferson

Transit, serving the urbanized portion of Jefferson Parish, Louisiana. Jefferson Transit also provides service to downtown New Orleans and the Louis Armstrong New Orleans International Airport. Connecting service is provided to the RTA bus lines in Kenner, Gretna and New Orleans. Jefferson Transit provides both fixed route ADA accessible bus service and MITS curb-to-curb paratransit van service for certified riders who are unable to use the fixedroute service.

For more information, please give us a call.

Eastbank Routes - The transit system on the Eastbank of Jefferson Parish has four (4) east/west routes extending into Orleans Parish and two (2) north/south routes.

- [E-1 Veterans](#)
- [E-7 Airport](#)
- [E-3 Kenner Local](#)
- [E d Metairie Road Route](#)
- [E-5 Causeway Route](#)
- [E-8 Clearview Route](#)

Westbank Routes - The transit route structure on the Westbank of Jefferson Parish has 11 routes, including the Westbank Night Loop. Six (6) Westbank routes serve the Gretna Terminal and six (6) serve the Walkertown Terminal. The Westbank Expressway route and the Westbank Night Loop are the only two routes that serve both terminals. The Peters Road passengers must transfer to the Westbank Expressway route to reach one of the terminals. There are four (4) routes that provide service between the Gretna Terminal and the CBD, and two (2) between the Walkertown Terminal and the CBD. In addition, the Westbank Night Loop provides one late night run from New Orleans CBD to both terminals.

- [W-1 Avondale](#)
- [W-2 Westbank Expressway](#)
- [W-3 Lapalco](#)
- [W-4 Marrero](#)
- [W-6/W9 Gretna/Belle Chasse Local](#)
- [W-7 Oakdale](#)
- [W-8 Terrytown](#)

- [Westbank Night Loop](#)
- [Gretna Terminal to and from the CBD](#)
- [Walkertown Terminal to and from CBD](#)
- [Drake to and from Walkertown Terminal](#)
- [P-1 Plaquemines](#)

Jefferson Transit Westside also provides service from the Gretna Terminal to the Naval Support Facility in Belle Chasse (P-1 Plaquemines).

Jefferson Transit **Eastbank/Westbank** Connections. The Jefferson Transit Eastbank and Westbank routes connect in two locations:

1. New Orleans CBD. The [Lapalco](#), [Westbank Expressway](#), [Oakdale](#) and [Terrytown](#) routes (Westbank routes) connect with the [Airport/Airport Express](#) (Eastbank route) at Loyola and Tulane.
2. Elmwood. The [Huev P. Long](#) route (Westbank route) connects with the [Kenner Local](#) (Eastbank route) at Jefferson Highway and St. George and at Jefferson Highway and Plantation. The Huev P. Long route also connects with the NEW [Clearview](#) route (Eastbank route) at Jefferson Highway and Plantation.

Bus Terminals: Gretna Terminal and Walkertown Terminal. There are two bus terminals that serve the Westbank bus routes. The Gretna Terminal is located under the Westbank Expressway at Van Trump. The Walkertown Terminal is located under the Westbank Expressway east of Ames Boulevard. Both terminals provide sheltered waiting areas for passengers transferring between bus lines. Amenities include security, telephones, security lighting, and scheduling information. The terminals are fully accessible to persons with disabilities. Parking for park and ride patrons is also available at each terminal.

There are no bus terminals on the Eastbank of Jefferson Parish

Jefferson Transit buses. All of the buses on the Eastbank and Westbank routes are new lift-equipped buses that comply with the requirements of the Americans with Disabilities Act (ADA). These buses also use the Talking Bus system to announce major bus stops and transfer points along each route. The wheelchair symbol is used on all the bus schedules to show riders that all buses are lit-equipped.

For more information on Westbank Routes call 367-7433

For more information on Eastbank Routes call 818-1077.

Welcome to TGMC

Terrebonne General Medical Center has come a long way since its founding in 1954. The original 65-bed Terrebonne Parish General Hospital has evolved into a 304-bed medical center that is the only hospital in Louisiana to receive the distinguished United States Senate award for Innovation.

Today we have one of the most advanced medical centers in the United States. We have regularly been first in the state, and even in the nation, to pioneer promising new cardiovascular technologies. We pride ourselves on offering the most up-to-date medicine right here in our own community.

We are now the first hospital in South Louisiana that is home to the revolutionary new treatment for brain cancer, the Gamma Knife. It allows surgeons to quickly, safely and painlessly treat brain tumors, vascular malformations, certain types of facial pain and epilepsy. No other hospital has made such impressive strides in making revolutionary, lifesaving technology a first priority.

Welcome to our website. Please take a few minutes to explore and see what services TGMC has to offer you and your family. .

Terrebonne General Medical Center is a public, non-profit integrated healthcare system consisting of a 321 licensed bed (304 staffed bed) acute care facility complete with rehabilitation and skilled nursing units, a psychiatric center, an outpatient surgery center, emergency care services, primary care services, an occupational health program, and a community outreach center. TGMC's main campus is located in Houma, Louisiana - in the heart of the "Bayou Country".

The medical center serves as a major economic force for the community with a staff of over 1500 employees.

Terrebonne General Medical Center, which

celebrated its 40th year of service in 1994, takes pride in being the largest **community**-based hospital in the tri-parish area of Terrebonne, Lafourche, and St. Mary parishes. The medical center serves as a major economic force for the community with a staff of over 1500 employees. In addition, the hospital currently has a medical staff of over 170 registered physicians offering a variety of specialties ranging from family practice to cardiovascular surgery.

about Gamma Knife

TGMC is accredited by the Joint Commission on Accreditation of Healthcare Organizations (JCAHO), the national body that ensures that member hospitals meet established standards for quality of patient care. The medical center is also a member of Premier, a consulting organization of several hundred quality hospitals throughout the entire United States.

Terrebonne General Medical Center is also a member of the Louisiana Hospital Association, and the American Hospital Association. .

Program I: Leonard J. Chabert Medical Center

Program Authorization: Act 38 of 1973; Act 25 of 1974; Act 744 of 1985; and Act 3 of 1997

PROGRAM DESCRIPTION

The mission of the Leonard J. Chabert Medical Center is to provide acute general medical, surgical, psychiatric, inpatient and acute/chronic ambulatory medical care for the medically indigent, uninsured, Medicaid and Medicare eligible patients, and self-paying patients. The goal of Leonard J. Chabert Medical Center is to provide the highest level of acute general medical and specialty services of medicine, surgery, obstetrics-gynecology, ophthalmology, urology, orthopedics, pediatrics and critical care to all patients, including: the medically indigent, Department of Corrections inmates, the insured, Medicare and Medicaid eligible and self-paying patients of the hospital's service area.

The goal of Leonard J. Chabert Medical Center is to ensure that quality health care is provided to the community in the most effective and efficient manner possible. Leonard J. Chabert Medical Center is committed to serving as a community medical center of excellence where knowledge heals and people care. It is also the intent of this facility to provide the best quality of care to everyone who comes into its sphere of influence.

Leonard J. Chabert Medical Center (CMC), located in Houma, Louisiana, was originally dedicated in 1978 as South Louisiana Medical Center under mandates of the 1973 and 1974 legislative sessions. It was renamed in 1992 in honor of the late state senator who was instrumental in getting the facility established. CMC was built to accommodate the general health care needs of the population, and particularly the indigent, in a five-parish area near the Gulf of Mexico southwest of New Orleans. These parishes include: Assumption, Lafourche, Terrebonne, the western portion of St. James, and the eastern portion of St. Mary. The hospital provides additional support functions such as pharmacy; blood bank; respiratory therapy; anesthesiology; and various diagnostic services and other support functions of a non-medical nature, such as administration; maintenance; housekeeping; mail service; purchasing; accounting; and admissions and registration. The facility also maintains a stipend program for medical residents and contracts for physician and anatomical services and works cooperatively with medical schools and other health education institutions to broaden the opportunity for clinical training in the hospital. The hospital is currently staffed for 144 beds.

OBJECTIVES AND PERFORMANCE INDICATORS

Unless otherwise indicated, all objectives are to be accomplished during or by the end of FY 1999-2000. Performance indicators are made up of two parts: name and value. The indicator name describes what is being measured. The indicator value is the numeric value or level achieved within a given measurement period. For budgeting purposes, performance indicator values are shown for the prior fiscal year, the current fiscal year, and alternative funding scenarios (continuation budget level and Executive Budget recommendation level) for the ensuing fiscal year (the fiscal year of the budget document).

1. (KEY) To continue to provide professional, quality, acute general medical and specialty services to the patients when medically appropriate, the percentage of outpatient services.

LEVEL	PERFORMANCE INDICATOR NAME	PERFORMANCE INDICATOR VALUE			
		ACTUAL FY 1997-98	ACT 19 FY 1998-1999	EXISTING FY 1998-1999	CONTINUING FY 1999-2000
K	Percentage of services that are outpatient services	85.59%	Not applicable	85.43%	
K	JCAHO survey score	84	Not applicable	84	
S	Total inpatient days	27,722	26,308	26,308	
K	Total outpatient encounters ¹	164,661	154,287	154,287	
S	Number of ER visits	55,284	68,947	68,947	
K	Number of available beds	134	134	134	
S	Average length of stay for inpatients	4.6	4.7	4.7	

¹ Outpatient encounters includes outpatient visits and emergency department visits.

2. (SUPPORTING) To maintain operating cost within 10% of the national standard for hospitals providing the same services.

LEVEL	PERFORMANCE INDICATOR NAME	PERFORMANCE INDICATOR VALUE		
		ACTUAL FY 1997-98	ACT 19 FY 1998-1999	EXISTING FY 1998-1999
S	Cost per adjusted discharge	\$ 5,656	Not applicable	\$ 5,697
S	Salaries and benefits as a percent of total operating expense	46.28%	Not applicable	47.67%
S	National standard for cost per adjusted discharge ¹	Not available	Not applicable	\$ 6,101
S	National standard for salaries and benefits as a percent of total operating expense ¹	Not available	Not applicable	50%

¹ This information is based on 1996 data from Comparison of Performance of U.S. Hospitals. 1998, HCIA and Deloitte and comparison of HCSD medical centers with other hospitals in the nation which measure as closely similar as possible.

SOURCE OF FUNDING

This program is funded with Interagency Transfers, Self-generated Revenue and Federal Funds. The Interagency Transfers represent Title XIX reimbursement from the Medicaid program for services provided to Medicaid eligible and "free care" patients. The Self-generated Revenue represents insurance and self pay revenues for services provided to patients who are not eligible for "free care". The Federal Funds are derived from Title XVIII, Medicare payments for services provided to Medicare eligible patients.

\$0	\$58,108,515	873	TOTAL RECOMMENDED

\$0 \$97,505 873 DIFFERENCE (TOTAL RECOMMENDATION AND EXISTING

The total means of financing for this program is recommended at **100.2%** of the existing operating budget. It represents **81.1%** of the total request **(\$71,702,273)** for this program. The overall net increase in this program is a result of the transfer of additional Ryan White Federal Funds from the Office of Public Health for HIV medications and an increase for equipment maintenance contracts. This increase is offset by a reduction in Risk Management premiums and a reduction of 8 vacant positions. These changes should have no significant impact on the delivery of services.

Welcome **Education** **Healthcare** **Industry** **Newcomer** **Recreation**

Industry

Business is booming in Terrebonne Parish, and for a good reason - our parish has a diverse group of industries working together to keep the local economy strong. From oil and gas services, to retail, to seafood - Terrebonne has the industry to support our more than 105,000 residents.

Here in Terrebonne Parish, we do not just have the industry to provide a healthy economy, but we also have a strong civilian labor force, totaling over 49,000. Need more workers? Terrebonne Parish employers have easy access to the entire labor force in surrounding regions - over 70,000 workers.

Major Industries

Oil and Gas

Louisiana's supply of oil, natural gas and mineral resources has been a great source of the state's wealth for several decades. As a coastal parish, Terrebonne Parish contributes to Louisiana's hold on the oil and gas industry by offering a prime location for many oil and gas-related businesses to flourish. Major oil and gas corporations are located in the area, as well as Terrebonne's seemingly unending list of oil and gas service companies.

Metal Fabrication and Machining

Metal fabrication and machining companies in Terrebonne Parish manufacture metal or fabricated steel products for a variety of uses, including the manufacture of parts and equipment for the oil and gas service companies. Metal fabrication and machining companies are one of the largest sources of employment in Terrebonne Parish.

Marine Services

The marine services industry thrives primarily on providing marine transportation services. This sector has businesses in a variety of activities, from tug boat companies that transport barges stocked full of goods, to crew boat and supply boat companies that transport personnel and supplies for many of the area's oil and gas companies.

Shipbuilding and Repair

Several local shipbuilding companies take advantage of Terrebonne Parish's need for boats to service the offshore petroleum industry. Many of these companies also thrive on the building of

government-contracted military ships, as well.

Retail

Approximately 500 retail establishments flourish in Terrebonne Parish, together employing around 7,000 people. Annual retail payroll figures in Terrebonne Parish top \$113 million. Retail businesses in the area can offer virtually any sort of product imaginable: automobile parts, clothing, specialty food items, home furnishings, gardening supplies, and much, much more.

Medical Services

The medical service industry is one of the top employers in the parish. Terrebonne General Medical Center (TGMC) employs almost 1,500 people, and offers 321 licensed beds. Another large area hospital, Leonard J. Chabert Medical Center, employs almost 1,000 workers, and offers patients over 200 beds. Terrebonne Parish is home to a vast array of other medical facilities, including dentistry, psychiatric care, surgical clinics, chiropractic clinics, and ophthalmology offices.

Seafood

South Terrebonne's easy access to the deeper waters of the Gulf of Mexico has helped provide work for local commercial fishermen for decades. The Gulf of Mexico offers fishermen a terrific supply of marine life, including shellfish like crabs, oysters, and shrimp, and a host of other fish as well. Parish economic activity generated from commercial fishing has increased with the ability to process the catch, package it, and finally distribute it.

Advancements for Business

Because our parish leaders understand how important business is to our economy, they have worked hard to make Terrebonne Parish a business-friendly environment.

Area colleges, universities, and vocational-technical schools at all levels are increasing industry-specific training in their curriculums. They are also developing partnerships with industry that involve human and technological development. By doing so, Terrebonne area schools are helping to ensure that new and expanding businesses will have a continuous pool of workers with the level of education and expertise necessary for all their operations.

The parish has 20 specifically designated industrial sites, ranging from less than 100 acres to approximately 9,000 acres - plenty of room to grow a business of any size. The sites are located across the parish in Houma, Bourg, Gibson, and Schriever. Many of these sites offer access to railroads and waterways.

Entrepreneurs will be happy to find many unused and underused industrial sites within Terrebonne. offering opportunities for private or joint public-private

redevelopment. Sites are available along the Intracoastal Waterway (ICWW), and near air, rail, and highway barge transportation systems,

Transportation

Businesses in Terrebonne Parish benefit from our efficient, well-planned highway system. US-90, the parish's main transportation artery, curves across the northern portion of Terrebonne Parish, heads northeast towards New Orleans and northwest through Assumption Parish towards Interstate Highways 10 and 49. LA-20 lines the northwestern border of the parish, LA-24 curves around the northeastern portion of Terrebonne through Houma. and LA-56 and LA-57 travel north-south from Houma to the southern areas of the parish.

Terrebonne-area businesses have little trouble with transportation, since the parish has access to a large number of transportation means.

Nationwide passenger service can be found with Greyhound Bus Lines. The New Orleans International Airport, roughly a one hour drive from Houma-Terrebonne Chamber of Commerce, is the nearest commercial airport and largest in the state. All major domestic airlines, as well as several international carriers, serve the airport. Local bus transportation is provided by Good Earth Transit.

For private aircraft needs, Terrebonne Parish can turn to the Houma-Terrebonne Airport and the Thibodaux Municipal Airport. Both accommodate private and corporate aircraft, and are among the busiest general aviation facilities in the state.

Southern Pacific ships out freight via rail, whose tracks run through the town of Schriever. All major motor freight carriers service Terrebonne Parish. Waterway transportation routes are abundant in Terrebonne Parish, the largest of which is the 19,000-mile Mississippi River System. This system allows cargo from Terrebonne Parish to be delivered to all of mid-America. The Intracoastal Waterway (ICWW), a path that rims the coastal inland of the northern Gulf of Mexico, runs east-west through central Terrebonne Parish. The Houma Navigational Canal runs north-south from Houma to Cocodrie and into the Gulf of Mexico. Port Fourchon, located a few miles away in southern Lafourche Parish, provides shallow draft access.

The nearest deepwater ports are roughly an hour away at the Plaquemines Parish Port and the Port of New Orleans, which operates a foreign Trade Zone. The Louisiana Offshore Oil Port (LOOP) is also nearby in the Gulf of Mexico, serving as the nation's only "Super Port." LOOP is designed for oil tankers that cannot navigate inland waters, shallow or deep draft

Local parcel service is provided by Airborne, Emery, United Parcel Service, Federal Express, and the United States Postal Service.

In Conclusion

There is no mystery behind Terrebonne Parish's performance. Whether it is our convenient and easy-access location. our selection of transportation

routes and services, our labor force, or our diverse group of industries, nothing comes remotely close to **the** business opportunities in Terrebonne Parish.
